# LÜRSSEN SOLANDGE

Ouro Sobre Azul \ \ Gold on Blue

TEXTO TEXT MARIA AMÉLIA PIRES \ \ FOTOGRAFIA PHOTOGRAPHY © KLAUS JORDAN

De linhas elegantes, sublimadas pelo seu casco azul-escuro, o *Solandge*, da Lürssen Yachts, é o resultado da vasta experiência de uma equipa de engenharia, aliada ao surpreendente *design* exterior, conseguido pela Espen Oeino Design, e interior, da responsabilidade da Rodriguez Interiors. O objetivo, largamente superado, era obter um iate de elevada performance, simetria visual e proporcionar luxo e conforto a hóspedes e tripulação.

A Espen Oeino conferiu ao *Solandge* proporções verdadeiramente harmoniosas, com 85,10 m de comprimento e um feixe de 13,80 m, que podem acolher dois proprietários, 12 hóspedes e 29 tripulantes. Por sua vez, a Rodriguez Interiors dotou-o de elementos clássicos e contemporâneos, numa combinação única de materiais raros e marcantes. A «Árvore da vida», na entrada principal, – uma escultura dourada, com 16 metros e mais de 1200 pontos de luz –, a impressionante escadaria, rodeada por um antigo espelho veneziano, e os três lustres, no salão principal,

With its elegant lines, highlighted by its dark blue hull, the *Solandge*, from Lürssen Yachts, results from the vast experience of an engineering team, combined with stunning exterior design, created by Espen Oeino Design, and interior design, developed by Rodriguez Interiors. The aim, now greatly surpassed, was to produce a high performance yacht of visual symmetry and to provide guests and crew with luxury and comfort.

Espen Oeino has endowed the *Solandge* with truly harmonious proportions, at 85.1 metres long and a beam of 13.8 metres, which can accommodate two owners, 12 guests and 29 crew members. For its part, Rodriguez Interiors has given it classic and contemporary elements, in a unique combination of rare and striking materials. The «Tree of Life», in the main entrance, – a gilded sculpture, 16 metres long and featuring 1200 lights –, the impressive staircase, surrounded by an antique Venetian mirror, and the three chandeliers in the main lounge, made with

feitos com pedras semipreciosas, madre pérola e folhas de ouro, etc., são apenas alguns detalhes que exibem magnificência. Pode mesmo afirmar-se que todos os elementos deste iate evidenciam elegância e *glamour*, seja na área de hóspedes, na dos proprietários, na da tripulação, nos escritórios, no ginásio, spa, piscina, nos conveses, *decks*, etc.

Ametista, mel, roxos e púrpuras, ónix, madeiras nobres, bronze e muito, muito ouro, rasgam requintadamente os mares azuis. O *Solandge* é ouro sobre azul e representa a última novidade na navegação de luxo.

semiprecious stones, mother-of-pearl and gold leaf, etc., are just some of the magnificent detailing of this craft. You can even say that every part of this yacht expresses elegance and *glamour*, whether in guest areas, in the owners' quarters, in the crew section, in the offices, in the gym, spa, swimming pool, on the decks, etc.

Amethyst, honey, purples and lilacs, onyx, fine woods, bronze and a great deal of gold, sophisticatedly cut through the blue waters. The *Solandge* is gold on blue and represents the very latest in luxury sailing.

Passion cannot be bought,  
BUT IT CAN BE KINDLED.

There is nothing quite as evocative as trading routine for spur-of-the-moment. That's what being able to take off to 5,000 destinations, on a whim, can do for you.

**NETJETS**  
for business, for family, for life
